

Name

IB Geography – Civil Society Responses to Palm Oil Production (Power & Process)

Greenpeace	WWF	RSPO
		
<p>Greenpeace states its goal is to "ensure the ability of the Earth to nurture life in all its diversity" and focuses its campaigning on worldwide issues such as climate change, deforestation, overfishing, commercial whaling, genetic engineering, and anti-nuclear issues. It uses direct action, lobbying, research, and ecotage to achieve its goals.</p>	<p>WWF is the world's largest conservation organization with over five million supporters worldwide, working in more than 100 countries, supporting around 1,300 conservation and environmental projects. WWF aims to "stop the degradation of the planet's natural environment and to build a future in which humans live in harmony with nature.</p>	<p>The Roundtable on Sustainable Palm Oil (RSPO) was established in 2004 with the objective of promoting the growth and use of sustainable oil palm products through credible global standards and engagement of stakeholders.</p>
